

# B-01 Series

# Features

B2301HSD – B2601HSD

## Engine

23 HP/26HP liquid-cooled diesel engines, with Kubota's E-TVCS (three-vortex combustion system), offers tremendous power, high torque, cleaner emissions, and low noise and low vibration.

## 3-Range HST

Our proven hydrostatic transmission provides the B-01 Series with smooth shifting and powerful performance for heavy-duty loader applications. With an increased maximum speed and three range shift-speeds (Low/Med/High), the B2301/2601 models let you find the right speed to suit your task.

## Powerful Category I, 3-point hitch

The 3-point hitch accepts a variety of implements for all of your varying needs. Robust and versatile, the hitch can handle rotary tillers, box blades, finishing mowers, and more.

## Hydraulic Independent PTO

The independent PTO keeps stopping to a minimum. Stay productive by engaging and disengaging PTO without ever having to engage the clutch to stop the tractor.

## Telescoping Stabilizers

Attaching and detaching rear implements has never been simpler. The horizontal sway of the implement is easily adjusted by aligning and setting the pin in the proper hole.

### Factory Rear Remote Control Valve Kit (optional)

The B-01 Series offers two optional, rear remote control valves to allow acceptance of more rear implements.

### One-Piece Metal Hood

The front grill and newly designed headlights are integrated with the hood for easier opening and closing, plus the hood provides more convenient access to the engine.

### Pedal Layout

To afford easier and more comfortable use of the HST pedal, the brake pedals have been relocated to the driver's left side.

### Position Control

To easily adjust the height of implements, the 3-point hitch can be raised or lowered with the e-point position control, while turning the hydraulic motor.

### Lever Guides

The B-01 Series features large, angled lever guides. Control lever recognition and operation is simple, intuitive, and hassle-free even for novice operators.

# Features

B2301HSD – B2601HSD

## Expansive Operator Platform

Thanks to a large, ISO-mounted flat deck, the operator enjoys plenty of legroom and a wider step area for easier mounting and dismounting. Widely spaced fenders also contribute to a comfortable, spacious environment.

## High-Back Seat

To make your ride comfortable no matter the conditions, the new high-back seat is specifically designed to absorb shock, reducing operator fatigue. For added comfort, armrests are standard equipment.

## Tilt-Steering Wheel

The steering wheel tilts by the easy-step pedal to improve steering comfort.

## Tool Box

For easy access, a large toolbox is located directly behind the operator's seat.

## 12V Socket

Charge your cell phone or other electronic devices with the 12-volt socket.
